You will please pardon my English – it is not so good. I work as an 'air' girl for this reason: to make it better. Monsieur Paton, my employer, has very strange ideas about French girls. He thinks we all run around and get into bed with anyone who talks pretty to us. Is not so. We are British are more liberated than us. Even your magazines. You cannot buy these kind of magazines in France. They are too pornographic.

It is nice to appear in them and to exhibit my body to millions of men – it will be a shock for Mr. Paton and will confirm his ideas of French girls. But I will keep him dangling for a few weeks before he gets to taste a piece of prime French chicken. ♣

Helene

Photographs by Rupert Daines

Like her namesake, Helen of Troy, Helene is a real heartbreaker. 'I like my men to fight for me, but when they've won me then I really let them have it.'

With her lioness good looks and mane of long blonde hair, Helene's savage love-making has laid many men to waste.

'I need someone I can really get my teeth into', she growled. ♣

'I love the feel of water cascading over me, arousing every inch of my flesh, bringing me out in goosebumps. My man and I often shower together, and just the closeness of him and the feel of the water bring me to fever pitch. Then when I feel his rock hard prick against my belly, and cup his balls in my hand, gradually guiding him into me . . . good clean fun!♣

Here at *Club*, we have always endeavoured to bring you the biggest and best in photographic excellence available in the market. We therefore have great pride in introducing for your edification the lovely Linda, a voluptuous young lady with attributes we feel maintain the high standard to which all our lensmen and ladies aspire.

Says Linda, 'I used to be a bit self-conscious about my big boobs, but when Rupert Daines approached me to do a set for *Club*, he made me feel so good about them I just had to do it. Now, they're my proudest possession. I owe Rupert Daines a big vote of thanks.'

And so do we, Rupert, so do we!♣

IT'S ALL FUN WITH MIRRORS

Photographs by Jean Rougeron

In the best traditions of *Girl on the Fiddle* and *Bootleggin'*, we present a pictorial extravaganza featuring the irrespressible Jean Rougeron, whom we welcome to the ranks of notable lensmen and ladies whose crusade to keep *Club* in the forefront of the pussy stakes is as spectacular as it is determined.♣
